

# Valve World Expo & Conference 2024

3 - 5 December 2024 | Messe Düsseldorf, Germany

# CALL FOR PAPERS

*Abstract deadline: 26<sup>th</sup> of February 2024*

Proudly sponsored by:

Organised by:

[valve-world-conference.com](http://valve-world-conference.com)

Attending the Valve World Expo & Conference is a valuable opportunity for professionals in the valve industry. This prestigious event, renowned for showcasing the latest innovations, technologies, and trends in the valve sector, serves as an ideal platform for networking, knowledge exchange, and staying abreast of industry developments.

By attending, you'll be exposed to the latest technologies in the industry, as the Expo features cutting-edge valve technologies and solutions, offering attendees a glimpse into the future of the industry. Additionally, as the event is attended by industry leaders from all over the world, it serves as an excellent networking platform to build and maintain valuable connections, partnerships and collaborations. The conference portion includes paper sessions, panels and workshops led by industry veterans, offering insights into best practices, new research findings, and technical advancements.

*Dear valve industry peers,*

*In the 20 years that I have participated in VW conferences, I have always appreciated their excellent level of technical content, but also the quality of exchanges.*

*The world is changing. We see these changes most clearly in the world of energy, but the need for valves remains. The valve industry must adapt and face many challenges. New players are emerging, as well as new needs, such as a very high demand for cost reduction.*

*The Valve World conference is a unique place of exchange between end users, manufacturers, and engineers. This year, the topics will revolve around the three highlights: energy transition, standardisation and digitalisation.*

*I would like to invite and encourage all of you in the valve industry to send in your abstracts and ideas and think of suitable topics that are important to you.*

*We'll make sure that the Valve World 2024 conference will maintain its exceptionally high quality.*

Best regards,  
Bruno Martin  
Chairman,  
Technip Energies

## Location

The Valve World Conference 2024 will return to Messe Düsseldorf, Germany.  
Stockumer Kirchstraße 61  
40474 Düsseldorf  
Germany

## Valve World Conference 2024 Steering Committee

The Steering Committee plays a pivotal role in shaping and overseeing the event. These prominent industry figures set the vision and objectives for the 2024 conference, aligning it with the latest trends and needs of the valve industry. They are responsible for curating the conference agenda, including selecting keynote speakers, panel discussions, and workshops that reflect the industry's current challenges and innovations. Additionally, they ensure that all aspects of the conference maintain a high standard of quality and relevance to the attendees.

The steering committee's role is integral to the success of the Valve World Conference, ensuring it remains a leading event for valve industry professionals.

Please note that the list of Steering Committee members has not been finalised. More names will be added in the coming weeks.

- Bruno Martin, *Technip Energies, Chairman*
- Paul Clements, *BP*
- Sieuwert Blommaert, *Ineos BV*
- Carlo de Bernardi, *ConocoPhillips*
- Claire Dwyer, *Fluor Enterprises Inc.*
- Alexander Hein, *BASF*
- Jun Hu, *Hefei General Machinery Research Institute Co., Ltd.*
- Tomoharu Ishii, *KITZ Corporation*
- Bader Al-Jarallah, *Saudi Aramco*
- Ville Kahkonen, *Valmet*
- Gobind Khiani, *GAPV Inc.*
- Ayo Kilani, *Nigeria LNG Limited*
- Ron Merrick, *formerly Fluor Enterprises Inc.*
- Thijs van Munster, *MRC Global*
- Carl J.P. Neeskens, *Ineos BV*
- Masayuki Ono, *JGC Corporation*
- Bronson Pate, *MagDrive Technologies*
- Laurent Pfefferkorn, *Velan inc.*
- Muktiadi Rahardjo, *Shell Nederland Raffinaderij BV*
- Rodney Roth, *RFS Compliance Solutions*
- Alberto Seveso, *Neway*
- Marc Simoëns, *Dow Benelux*
- Tony Smart, *Neway*
- Aurélien Tissot, *Emerson*
- Anthony Vangasse, *Rotork Controls Ltd*
- Thomas Wagner, *Framatome*
- Wojciech Zmudzinski, *BP*

## Get involved in the Valve World Conference 2024!

The Valve World Conference 2024 Steering Committee invites presentations on a wide variety of topics related to valves, actuators, and the flow control industry.

Presenting at the conference is a great opportunity to establish yourself as a thought leader in the valve community and to build up industry recognition. By sharing your expertise, research findings, or innovative practices, you'll be contributing to the industry's growth and evolution. Moreover, engaging with attendees after your presentation can provide valuable feedback and new perspectives on your work.

We are thrilled to extend an invitation to experts from all domains to speak at the upcoming Valve World Expo & Conference. This conference is an excellent platform to share your insights, experiences, and innovations with a global audience of industry leaders, experts, and enthusiasts.

## How to submit an abstract

Please send your abstract to the conference coordinator Ms Alexandra Kist by scanning the QR code to be taken to our online submission form. Prospective authors wishing to present a paper should submit an abstract of about 300-500 words before the 26<sup>th</sup> of February 2024. Please include keywords relating to the topic of your abstract.

Mention your name and function, company name and e-mail address, and the title of the paper. The following selection criteria will apply:

- quality of the content
- focus on application experience
- informative to a wide audience
- affiliation with the conference subject balance
- technical nature, i.e. non-commercial

**The deadline for abstracts is the 26<sup>th</sup> of February, 2024.** Presenters will be notified by the first week of May as to whether or not their proposed presentation has been accepted by the Steering Committee.

Consequently, they will be invited to submit the PowerPoint (or equivalent) to accompany you during your presentation. The deadline for **sending in presentation materials is the 30<sup>th</sup> of September, 2024.**

# Valve World Expo & Conference 2024

## Presentation topics

For the 2024 event, Valve World has selected a number of hot topics we would like to highlight at the conference. Along with our Steering Committee, we will select the most relevant and engaging presentations for our 2024 programme. If your abstract ties into these topics, you'll increase your chances of presenting at the Valve World Conference!

### This year's conference will revolve around three main topics:

- ➡ Energy transition
- ➡ Standardisation
- ➡ Digitalisation

We encourage prospective speakers to send in abstracts that tie into these main topics. Of course, any other topics concerning the valve industry are also welcomed.

### The following selection criteria will apply:

- Quality of the content (neutral, informative, technical)
- Focus on application
- Informative to a wide audience
- Tie-in with the conference's hot topics

## DATES TO REMEMBER

- ➡ **Abstract submission deadline:**  
26<sup>th</sup> of February 2024
- ➡ **Notification of acceptance:**  
First week of May 2024
- ➡ **Deadline for presentations:**  
30<sup>th</sup> of September 2024

## Audience

The audience attending the Valve World Expo & Conference represents a diverse and specialised group of professionals from various sectors within the valve industry. Among them, you will encounter industry experts and leaders, researchers and academics, engineers, company decision-makers, and many more.

This diverse mix of attendees creates a rich environment for networking, knowledge exchange, and the fostering of collaborative relationships, making the Valve World Expo & Conference a pivotal event for anyone involved in the valve industry.
