GET INVOLVED IN THE VALVE WORLD CONFERENCE 2026!

The Valve World Conference 2026 Steering Committee invites presentations on a wide variety of topics related to valves, actuators and the flow control industry.

Presenting at the conference is a great opportunity to establish yourself in the valve community and to build up industry recognition. By sharing your expertise, research findings or innovative practices, you'll be contributing to the industry's growth and evolution.

Moreover, engaging with attendees after your presentation can provide valuable feedback and new perspectives on your work.

We are thrilled to extend an invitation to experts from all domains to speak at the upcoming Valve World Expo & Conference 2026. This conference is an excellent platform to share your insights, experiences and innovations with a global audience of industry leaders, experts and enthusiasts.

Dear valve industry peers and newcomers,

As Chairwoman of the Valve World Conference 2026, I'm truly excited to invite you to be part of this vibrant and forward-thinking event. Having spent over three decades in piping and valve engineering across diverse industries, I've seen firsthand how collaboration and knowledge-sharing can drive innovation and solve complex challenges.

This conference is a unique opportunity to connect with peers, learn from global experts and contribute to the future of valve technology. Whether you're submitting a paper, attending sessions or engaging in discussions, your participation adds tremendous value.

I encourage you to join us, share your insights and help shape the conversations that will move our industry forward.

I look forward to welcoming you and learning from your experiences.

Warm regards,

Claire Swyer

Chairwoman,
Fluor

LOCATION

The Valve World Conference 2026 will return to Messe Düsseldorf, Germany.

Stockumer Kirchstraße 61
40474 Düsseldorf
Germany

PRESENTATION TOPICS

For the 2026 event, Valve World has selected a number of hot topics we would like to highlight at the conference. Along with our Steering Committee, we will select the most relevant and engaging presentations for our 2026 programme. If your abstract ties into these topics, you'll increase your chances of presenting at the Valve World Conference!

POTENTIAL TOPICS:

- **Oil & Gas:** Onshore/offshore, LNG cryogenics, refining
- **Chemical & Petrochemical:** Fertiliser, severe service, materials
- **Energy & Renewables:** (Green) Ammonia, (green) hydrogen, nuclear power and energy, SMRs, CCS, offshore wind power, molten salt plants, data centres
- **Standardisation:** PFAS, certifications, standards,
- **Digitalisation & Innovations:** AI, additive manufacturing, block chain
- **Food & Beverage:** Cleaning, safety
- **Water & Wastewater:** Remote monitoring, infrastructure
- **Pharma & Life sciences:** Hygienic, biotech, sterile processing

New leading trends you think are important? Send your abstract!

For enquiries about the conference programming, please contact the Conference Organisers Lyndsey Denton-Fray (l.dentonfray@kci-world.com) and Kiyo Ichikawa (k.ichikawa@kci-world.com).

For information regarding sponsoring, exhibiting possibilities or marketing opportunities on our conference brochure and the Valve World related magazine, please contact: Simon Neffelt, Director (s.neffelt@kci-world.com).

HOW TO SUBMIT AN ABSTRACT

Please send your abstract through our online submission form on our website. The QR code is below.

Prospective authors wishing to present a paper should submit an abstract of about 300–500 words before the 23rd of March 2026. Please include keywords relating to the topic of your abstract.

Mention your name and function, company name and email address and the title of the paper. The following selection criteria will apply:

- Quality of content: non-commercial, informative, technical
- Focus on application experience
- Informative to a wide audience
- Affiliation with the presentation topics
